break (break camp
available Mon-Wed)

This month, in our classroom

You will hear about North American history and culture as well as European history and culture. Our lantern festival and Thanksgiving celebrations will provide wonderful opportunities to learn a bit about Native Americans, Europeans that sailed to America, and how those groups of people lived.

The children will be introduced to large puzzle maps in the geography area including: Europe, North America, and The United States. They will learn more about European culture and holidays as well as history and geography. They will also study modes of transportation (both past and present) and name the parts of a ship.

Our events are all amazing this month! The first one will be the Lantern festival on November 9th. It begins on Capitol Park at 5:30 PM and is a potluck celebration. Please sign up on the front door. Drop off dishes to the preschool playground by 5:15 PM. The next event is the PTC Thanksgiving celebration. It is at the Belk Activity Center and starts at 5:30 PM. The children will perform "The Turkey Pokey" and it will be adorable. They will begin singing at 6:15 PM. Tickets and cost will be announced this week. The last event is our annual Thanksgiving lunch at the preschool. This event is a group effort and each child will bring one or two items to help make the meal. The children help us make and prepare the meal and they see how each item is integral to the feast. It is a lot like the book Stone Soup and that book is read aloud during our celebration.

Please help us have a pizza party by ordering something from this catalog by November 10th. We are competing with Mrs. McGuire's class and need ten orders to have a pizza party.

Lorem ipsum dolor sit amet nonummy everti sanctus ut quo

Vis petentium gubergren id, duis graecis detraxit cu usu. Nec ut tollit noluisse. Vix ad mutat essent antiopam, ne duo purto tibi que expetenda. Eos velit volumus disputationi et. Id eum partem theophrastus, facete.
